

Innovation Mindset Index™

Company lifespans have never been shorter than they are today. Research shows that at the current churn rate, 50% of S&P 500 companies will be replaced over the next 10 years.

Organisations worldwide recognise that business innovation is not only a core driver for creating and capturing new business value, but it's also the key to long-term business survival and success.

An Urgent Need to Foster Innovative Cultures

Of leaders think innovation is critical to their industry

Of leaders think their industry will change drastically in the next 5 years

3 in 4

Leaders think their organisation is risk averse when it comes to innovation

1 in 4

Leaders think their organisation has an innovative culture

The Five Innovation Mindsets

Whilst we all have the capacity to be innovative, everyone approaches innovation and change in different ways. The Innovation Mindset Index™ is a strength-based psychometric assessment that is mapped to five different Innovation Mindsets to help understand each person's style of innovation.

DISRUPTOR

The creative, out-of-the-box thinker who comes up with great ideas.

STRATEGISER

The person who builds on ideas and develops practical solutions.

ACTIVATOR

The collaborator who works effectively with others to make an idea come to life.

IMPLEMENTER

The person who executes a great idea and makes it a reality.

INFLUENCER

Works closely with key stakeholders to build awareness and promote the solution.

KEY FEATURES

THE TALENT ENTERPRISE

The information provided by the Innovation Mindset Index™ report not only helps understand each person's innovation styles but also gives insight on how to leverage these to meet organisational innovation objectives.
